Prot. N° 267

Dear President Kadoođlu,

I would like to thank you for your letter and for sharing the recent developments in Turkey with us which we have been following closely.

Many European companies have invested in Turkey and have strong trade relations with Turkey. Stable framework conditions and legal certainty are crucial elements for doing business. This is even more important for small and medium-sized companies. Also in view of global challenges, I am convinced that cooperation between the EU and Turkey has become more important and that business can represent an important link.

I strongly believe that we as business representatives at UEAPME and TÜRKONFED can serve as "bridge-builders" between the European Union and Turkey.

Sincerely Yours,

Ulrike Rabmer-Koller
