PRESIDENT OF TURKONFED ORHAN TURAN:

“ENTERPRISES CREATE THEIR OWN CAPITAL WITH PUBLIC OFFERINGS”

The interest in the stock market increased the number of investors with stock balance to more than two million as of January this year with the pandemic. This situation was also reflected in public offerings and brought a public offering revenue of 1.1 billion TL in 2020. These developments in the markets were discussed in the "Analysis of Capital Markets in Terms of Recent Supply" themed event organized with the cooperation of TÜRKONFED and KOTEDER, with the contributions of SEDEFED. At this event organized with the participation of TÜRKONFED President Orhan Turan, Chairperson of KOTEDER Nalan Erkarakaş, Arzum Chairperson Murat Kolbaşı and Yapı Kredi Invest General Manager Yılmaz Arısoy, it was pointed out that the enterprises turned to the public offering to create their own resources during the pandemic process.
